🏅 EXTRA-CURRICULAR ACTIVITIES

Second Team Winners at the Design thinking competition of Kenya, Nairobi, Kenya

February 2020

We developed a smart vegetation system that uses renewable energy and provides our bodies with the nutrients they need to grow. This system not only helps to conserve the environment, but also helps to enhance our health.

The solution could be utilized everywhere, especially if there isn't enough backyard space, which is the case for most Nairobi residents.

Unfortunately, because of the worldwide corona virus outbreak, the initiatives never made it to the implementation stage.

Vice-Chairperson of the international community at African Nazarene, Nairobi, Kenya

20218 – 2019

I had to learn what it takes to be a good leader and how to manage individuals from all backgrounds and cultures, yet a leader must work well with everyone; My committee and I had the chance to perform various community services, one of which involved visiting children at the Total Rehab Center for Disabled Youngsters who had unique needs.

The event was a success, and we got to spend some enjoyable and memorable time with those children.

👥 INTERNSHIPS

Web developer – Apprentice at RealBiz digital, Nairobi, Kenya

October 2021 – January 2022

Served as an ambitious and motivated Apprentice to Senior Software Developers.
